ABOUT ME

I am currently a final year student of the University of Economics Ho Chi Minh City majoring in Software Engineer. I would love to experience and gain more practice knowledge in this industry through the position.

EDUCATION

Software Technology Major University of Economics Ho Chi Minh (2018-Now)

EXPERIENCE AND ACTIVITIES

I have 3 months experience as a Java Developer intern at NashTech company. During my work, I was also trained by NashTech through Java courses from basic to advanced. In addition, I have participated in a real project of NashTech and have experience working in projects.

Harvey Nash Vietnam Co., Ltd | June 15 to September 15, 2021 Build E-commerce website

- This is my personal project. Use existing knowledge and build an e-commerce website on demand.
- I programmed this project based on my knowledge of Java using Spring Framework such as JPA, Hibernate, Maven to process for BackEnd. Regarding FrontEnd, I will use Reactjs.

FrontEnd: github.com/haohao02012/Ecommerce_UI

Build Asset Management website

- This is the actual project that I participated in this internship
- Teamwork and use Azure DevOps in this project

Also, during my University studies, I also worked on a few projects:

Build Basic website | October 28, 2020

- Using HTML, CSS, JS and Bootstrap
- Link public: <https://haocamping.azurewebsites.net/>

Build a website to sell mobile phones | March 14, 2021

- Using Spring Framework such as JPA, hibernate, Thymeleaf,..
